Boris V. Preobrazhensky – PhD, Sci. in Geology and Paleontology, Professor, Principal scientist of Pacific Institute of Geography of Far-Eastern Scientific Centre of Russian Academy of Sciences as well as the President of Engineering Ecology Section of Far-Eastern Branch of Russian Engineering Academy since 1999. Author of more than 250 published works, including 10 monographs in the field of regional geology, paleontology, biology, ecology, geography, cosmogony, philosophy and methodology of science. E-mail: ptbz@mail.ru

Kazumine Akimoto, as a Retired Rear Admiral of the Japan Maritime Self-Defense Force (JMSDF), is now the Senior Research Fellow at the Ocean Policy Research Foundation, and an Advisor and Program Coordinator at the International Ocean Institute (IOI) of Japan. The field of study is maritime security and naval strategy. Some of his publications are “Sea Power Renaissance”, “Paradigm Shift of the Sea Power”, “A Sinister Shadow Lurking in the Sea Lane”, and “Structural Weakness and Threat in the Sea Lanes.” E-mail: k-akimoto@sof.or.jp

Vladimir A. Petrov – PhD, Engineering. Navigation branch of Maritime Academy of Maritime State University named after G.I.Nevelskoy. Some of his publications are “Evaluation of an Allowable Distance of the Closest Point of Approach of the Vessels”, “Evaluation of the Allowance Time for the Commencement of the Close Quarters Avoidance Maneuver”. E-mail: petrov@msun.ru

Anatoly V. Stepanets – PhD, Technical Sciences, Professor, Director of Ocean Transport Management and Control Department of Maritime Academy of Maritime State University named after G.I.Nevelskoy. Research interests: Improvement of the forms and methods of management of the fleet and ports. Author of more than 230 published works in the field of modal transportation, port logistics and sea transportation. E-mail: stepanets_av@mail.ru, stepanets@msun.ru

CONTRIBUTORS

Natalia A. Proshyants – PhD, Human Sci., Professor, Director of Foreign languages department of Adm. Makarov Pacific Naval Institute, Vladivostok. Current spheres of research interests are “Teaching methods of foreign languages, Theory and methods of professional naval education”. Author of more than 170 scientific works and publications. E-mail: nata_proshjants@mail.ru

Boris B. Chernov – PhD, Chemistry, Professor, head of Chemistry and Ecology Department, Institute of Ocean Protection and Shelf Exploration, Maritime State University named after G.I.Nevelskoy. Author of more than 120 scientific publications in the fields of electrochemistry and marine corrosion. E-mail: chernov@msun.ru

Peter M. Radchenko – PhD, Technical Sciences, Doctor of transport, Professor in Maritime Academy of Maritime State University named after G.I.Nevelskoy. Director of the Department of Marine Electric Systems in MSUN. Author of more than 100 scientific publications, including 15 inventions. E-mail: pradchenko@msun.ru

Andrey I. Fisenko – PhD, Economics, Professor, Head of the Finance Department, Institute of Economics and Transport Management, Maritime State University named after G.I.Nevelskoy. Author of more than 120 published works in the field of finance and economy in transportation. E-mail: fisenko@msun.ru

Natalia G. Levchenko – Head of Internet/Intranet support division, Center for Information Technology. Deputy Director of the Far East Innovation&Technology Center of Maritime State University. Postgraduate research fellow. Current research topic is “development of a method of information resources optimization in a maritime industry enterprise. Author of 14 publications in the fields of information systems technology in maritime industry, mathematical modeling, AI and decision support systems. E-mail: levchenko@msun.ru
